summer 2011 Light Work/Community Darkrooms

www.lightwork.org/www.communitydarkrooms.com

Light Work/Community Darkrooms is a state-of-the-art, affordable public access photography and digital imaging facility located in Syracuse, NY. Our space provides access to super fast computers with top-of-the-line scanning and printing equipment, black-and-white darkrooms, a lighting studio, and more. Our digital services lab makes museum-quality prints at well below market prices—that's why world-class artists print here, and you can too. Our facility is the only one of its kind in Central New York.

Light Work provides direct support to emerging and under-recognized visual artists working in photography and related digital and electronic media through exhibitions, residencies, projects, grants, and publications, such as the award-winning *Contact Sheet*.

Light Work/Community Darkrooms offers the best in imaging services:

- We calibrate our digital lab equipment so that what you see on the screen is what comes out of the printer. Every time.
- Our staff can answer all your questions about the equipment, software, or specific images. Bonus: Our Tech Heads are in the labs Sunday through Thursday from 1–6pm just to help you.
- A full calendar of exhibitions, seminars, and workshops makes this the place for Central New York artists.

May 23 – August 12, 2011

Get Outside with Community Darkrooms

Take advantage of the gorgeous Central New York summer weather with one of these fantastic workshops that turns the great out of doors into your studio and lab!

Nature Photography

Sundays, June 5–July 3, 10am, \$110/\$165
This workshop is for serious nature lovers who want to share their outdoor experiences with photography. Shooting trips to local attractions provide hands-on experience photographing both the flora and fauna of Syracuse.

Landscape Photography

Sundays, July 10–August 7, 10am, \$110/\$165
Explore what the land has to offer the lens. This workshop combines shooting in the field with feedback and discussion to help sharpen your view of the great outdoors.

Outdoor Portrait Photography

Sundays, July 10–August 7, 3pm, \$110/\$165
You don't need a full lighting studio to create professional portraits. All you need is to head out the door! With a simple flash and the tips and tricks taught in this workshop, you can maximize the potential of outdoor portrait photography.

Keliy Anderson-Staley in Syracuse

You might remember tintype artist Keliy Anderson-Staley, who was a Light Work Artist-in-Residence in August 2010. During her time here, Keliy made scores of tintype portraits in the Community Darkrooms studio. Even after working at a fast pace for a whole month, there were people who still wanted to be photographed by Keliy. In July 2011, those people will get a second chance to sit for the artist. She will be returning to make additional portraits and prepare for an exhibition of her work that will open in the Light Work Main Gallery starting August 12, 2011. Contact Keliy now at keliyas@gmail.com to set up an appointment with her.
